PRESS RELEASE September 2015

Marcia Rose's new book "Journey From Bondage to Freedom" is a powerful tribute to the growth of two friends

Recent release "Journey From Bondage to Freedom" from Page Publishing author Marcia Rose, a testimony to the power of God.

Marcia Rose, Founder and CEO of Bipolar Insights/Mental Health Education Center has completed her new book "Journey From Bondage to Freedom": a powerful tribute to the growth of two friends and their journey through mental illness and the creation of Bipolar Insights/Mental Health Educational Center.

"I grew up on the East Coast but have been a California resident for decades. This story is about a journey. The lives of two friends, one diagnosed with Bipolar Disorder. As they walked through the hardships and found meaning, a purpose for living, and their self-worth, it is their hope that their life stories and journey will give you comfort and hope. Out of the pain and hardship, something beautiful was born."

Published by New York City-based Page Publishing, Rose's poignant tale will serve as an inspiration for anyone struggling with the trials and tribulations life and mental illness presents. When one has a calling in their life, the journey to fulfillment is filled with obstacles. The exodus from bondage shows the depth of the journey, and the freedom portion exhibits the glory of God through his son, Jesus.

Readers who wish to experience this inspiring work can purchase "Journey From Bondage to Freedom" at bookstores everywhere, or online at the Apple iTunes store, Amazon, Google Play or Barnes and Noble.
